

Packaging Industry Manufacturer

FILLING CAPPING & LABELLING FOR THE FOOD AND NON FOOD
MANUFACTURING INDUSTRY

Price: \$0

A nationwide packaging solutions provider that has assisted companies, large and small, with packaging equipment, services and advice since 1994.

Operating from a fully equipped factory in Sydney the company designs, manufactures, sells and rents its own exclusive range of volumetric liquid filling machines, capping and labeling machines and ancillary equipment. The business offers a wide range of capping, filling, sealing & labeling machinery to the cosmetic, food, pharmaceutical and chemical industries to name a few.

Gross turnover was \$505,000 in 2008/09. After more than 40 years in the packing industry, the owner is selling due to retirement.

The Business Sale includes the transfer of Rental and Rent/Buy agreements, transfer of hire purchase agreements, Trade Marks, Web Sites, Business Names, Registered Domains, Intellectual Property, Plant & Equipment, Spare Parts, and Tools of Trade & Consumables. A technician/service employee will remain with the business.

The business owner commits to assisting the purchaser through a thorough transition and training period and will provide ongoing consultancy if required.

The packaging business is a specialist in designing, manufacturing, selling and renting machines for filling, capping and labeling of food and non food items, in the Sydney metro area. This business is
